Comment was made concerning the application of a footpath. The Clerk responded and outlined that this issue was being dealt with by the Planning Inspectorate at the present time.

Information was given with regard to the water hydrant being locked off at the common by Anglian Water. It was hoped that this would deter travellers from using the common as a stopping place.

Sue Arnold - NNDC - outlined that investigations were still being made with regard to the parking situation at Brownsfield. The Corporate plan had been finalised and 5 key aspects had been agreed. Full details were on NNDC's website.

Resolved to close the meeting to the public.

5. To report on Matters Arising (updates and for information)

5.1 Update on footpaths - Clerk

Clerk outlined that although the grass cutting is an NCC responsibility as from March 2012 there was to be no planned cutting. If the Parish had information relating to footpaths being overgrown this needed to be fed into the NCC Countryside Officer who would assess if the work needed to be undertaken. Tim Hunt and the Clerk would work on this to find out the costs of having the footpaths cut by a contractor and then determine if it was feasible to undertake this work as a Parish. EP

5.2 Village Hall Events - Richard Seaward

There were no planned events at the present time.

5.3 Police Report if not in attendance

The Police had reported that no crimes had been committed in the Parish from 14th September - 6th November. There had been 21 calls to the police during this period.

5.4 Update on Roughton Youth Club - Paddy Bennett

The Youth Club still meets twice per month and the next meeting is this Friday. It is hoped to place a paperbank in Roughton with a 50/50 split between the Youth Club and the landowner.

5.5 Update on Land Trust - Roy MacDonald

The last meeting had been cancelled and there was no forthcoming information at this time.

5.6 Meeting dates for 2012 - Clerk circulated these and the November date may be altered.

5.7 Review of common to stop illegal parking

Tim Hunt was still working on this. The idea was to place telegraph poles at strategic points alongside the Common.

6. Review of website and consideration of appointment of new supplier and expenditure

Roy MacDonald outlined the difficulties with the website and that he felt it would be better if it were managed by an outside contractor. The Clerk informed that she had worked with a supplier who had undertaken work for another Parish and a quote had been received for various options. It was considered that the website should be purely an information site only and that the domain name is to be kept the same if possible.

The Council resolved that the Clerk be instructed to work with Roy MacDonald and the supplier on this project and expenditure of approximately £200 was authorised. This was seen as an important communication tool for the village. RMc/EP

7. Finance

7.1 To set Precept for 2012-2013 - budget circulated

Careful consideration to this matter was given and the Clerk outlined that the liability and a threat of a possible objection to the Parish Council's accounts for 2011-2012 needed to be accounted for. It was resolved that the Parish Council's Precept for 2012-2013 be set at £10,000.
